

PLAN TO ATTEND!

St. Stephen's 7th Annual **Plant Swap!**

Saturday, June 23rd
10am to 1pm

If you've never been to a plant swap before, it's a lot of fun and a great chance to get to know your neighbors, fellow parishioners and to make new friends. You can ask people questions about their gardens or yours. And of course, it's a great chance to bring home something new for your garden. Perhaps you'll find that special something you've been wanting to try!

By the way -
SWAPPING OF PLANTS AND ITEMS IS FREE!

So, when you are working in your garden, choose some plants that you need to divide or don't want anymore, dig them out and bring them to St. Stephen's on Saturday, June 23rd. Please label plants if you can with the name, color, mature size, sun/shade, etc. You can bring plants in just about any containers. If you use a cardboard box, please line or put the box in a heavy duty trash bag. People have used extra pots, plastic ice cream pails, large yogurt containers and the like. No one's fussy! If you can't bring something, you are welcome to come anyway.

"Honey, who gave us this?"

There are usually extra plants and things seeking homes!

How a plant swap works is very simple. People bring plants and things that are in good condition (garden/plant oriented- pots, books, tools) and choose something else in return. Bring things around 10 to 10:30am. The swap will start shortly after that.
