

# Children's Program

Growing the Neighborhood

## CREEPLY Plants II

Hey  
kids!

"We're coming back  
and we're bringing our friends!"

Join us at this Saturday  
morning program as we find  
out about those plants that are so  
different, they might just make you take  
a second look.

**Mr. Paul Beargie**, from The Society of St.  
Stephen, will share incredible, little known facts  
about some strange members of the plant family  
that will show just how amazing plants can be.

We will also make a special craft and share some refreshments.  
Please bring your adult helper with you to this Free Program on  
**Saturday, October 13th, at 11am** in St. Stephen's Club Room!

see you then!  
Growing the  
Neighborhood!

**St. Stephen Club Room located  
by parking lot off West 57th Street.**

This project funded in part by  
a grant from Neighborhood  
Connections, a program of  
The Cleveland Foundation.
